TEN (Targeting Early Numeracy) Training
Throughout Term 3 K-2 staff at Budgewoi Public School have been undergoing training in Targeted Early Numeracy (TEN). TEN is an intervention program that complements the schools regular numeracy program. It sets clear expectations against the

Mathematics K-6 syllabus on what students should be able to do in addition and subtraction by the end of each school year. The teaching model for implementing TEN includes short, focussed, frequent numeracy sessions, strategically targeted activities aimed at the individual student and their area of need and regular monitoring of student progress. Students are enjoying the hands on approach to numeracy, with lessons being delivered through games and use of concrete materials. All staff involved in the training are provided with in class support from our school TEN facilitator.

PBL
Well done to those students who received their BUZZ award last week. Overall results show that 93% of our students were on time to school and to class. Individual stage results for the BUZZ DAY were 97% of Early Stage 1, 91% Stage 1, 97% Stage 2, 86% Stage 3 and 100% in Support Classes. Over the next 2 weeks, students will be participating in our Upstander Program and next term, you will see some PBL flags in our school with our school rules displayed. Remember – be the best you can be!
Science Fun Day

Last Friday, we held another fantastic Science Fun Day. All K-6 classes were involved and the students got to be little scientists for the day. Each stage rotated through hands on science activities such as: exploding plastic bags, sound experiments, the diet coke and mentos explosion, investigations with electricity, colour changing milk, and magic tricks using pencils. It was such a fun day.

Health Care Procedures
This is a reminder to parents to notify the school about your child’s health as there has been another four cases of chicken pox reported to the school over the past week. We welcome information from parents about your child’s health, even if you are not requesting specific support from our school. Our school asks for medical information when you enrol your child. It is also important that you let us know if your child’s health care needs change or if a new health condition develops. Information about allergies, medical conditions such as asthma and diabetes and other health care related issues (including prior conditions such as medical procedures in the last 12 months) should be provided to the school by parents. This will greatly assist our school in planning to support your child’s health and wellbeing. Please also remember to notify staff in the school office of any changes to your contact details or to the contact details of other people nominated as emergency contacts.

S2C have been learning how to write procedures. Here are some we have written:
